

Make your own bird feeder

Introduction

Watch the video about how to make your own bird feeder, if you can, have a go at making one yourself and then complete the questions below.

1. What ingredients did you include in your feeder?

Bird Illustrations by Rachel Hudson
rachelhudsonillustration.com

2. Not all birds eat the same things. See if you can find out what different birds like to eat? (Older children might like to investigate how different birds are adapted to feed on different things).

Bird	Favourite Foods
Chaffinch	Spiders, caterpillars, flies, sunflower seeds, peanut granules

3. In light of the above, which birds do you think will enjoy your

4. Why not use this space to record the birds you saw, (you might like to draw a picture)?

You can download a garden bird ID chart to help you from here: wildlifebcn.org/nene-wetlands
